REFER PATIENTS WITH CONFIDENCE
We treat your patients with the compassion, attention and respect they deserve. Our dedicated professionals and highly trained medical staff take the time to get to know each patient and their unique situation. So you can be sure your referrals are receiving the specific care they need.

EACH OF OUR PHYSICIANS OFFER UNIQUE SKILLS AND EXPERIENCE. LEARN A LITTLE MORE ABOUT THEM AND SEE WHICH ONE IS RIGHT FOR YOUR PATIENT.

WE’VE PERFORMED CLOSE TO 35,000 SURGERIES, MAKING US THE MOST EXPERIENCED TEAM OF FOOT AND ANKLE SPECIALISTS IN CENTRAL OHIO.

ORTHOPEDIC FOOT & ANKLE CENTER
WE’VE PERFORMED CLOSE TO 35,000 SURGERIES, MAKING US THE MOST EXPERIENCED TEAM OF FOOT AND ANKLE SPECIALISTS IN CENTRAL OHIO.
OFAC WAS OHIO’S FIRST ORTHOPEDIC PRACTICE DEDICATED TO THE SPECIALIZED CARE OF THE FOOT AND ANKLE. AND WE’RE STILL LEADING THE WAY.

Since 1998, we’ve been dedicated to providing the best clinical care for every patient. As our multi-disciplinary group has grown, our goals of outstanding clinical care, research and education, and community service have remained unchanged.

Comprehensive care isn’t a luxury, it’s the norm.

We understand that time is valuable. That’s why we have a staff of over 35 full-time employees and on-site access to X-ray, MRI, casting and bracing. All of our patients receive the timely and thorough attention they deserve and complete care during one visit.

Our facility in the Westerville Medical Campus is inviting and comfortable. Along with our surgery center, urgent care and Sports Medicine office, this multi-specialty campus offers our patients access to wound care facilities, vascular lab, pain management, physical therapy, CT and MRI facilities, preventative cardiology, child care, a conference center, a sleep center and a café. It truly is a convenient location for foot and ankle care—and more.

Education is the foundation for outstanding clinical care.

At OFAC, we’re dedicated to resident education. We train Orthopedic and Podiatric residents from The Ohio State University, Grant Medical Center, Doctors Hospital and Ohio University. We also support a fellowship program and have trained many of the foot & ankle surgeons in central Ohio.

> CONSULTING SURGEONS
FOR THE OHIO STATE UNIVERSITY, OHIO UNIVERSITY, THE COLUMBUS BLUE JACKETS, COLUMBUS BALLET MET AND THE COLUMBUS CLIPPERS.

< OUR PHYSICIANS
Leading surgeons who are also leading researchers.

The multi-disciplinary physician partners at OFAC bring a unique set of skills and expertise to the practice. Many are fellowship-trained in orthopedic foot and ankle surgery. In addition to completing an internship and orthopedic surgical residency, each physician has devoted an additional year of study focused on foot and ankle surgery.

We are committed to advancing patient care through research. Along with publishing articles, chapters, and books on our research, our physicians also:

- Are involved with the FDA in the development of the total ankle replacement.
- Have developed new techniques in the treatment of Achilles tendon conditions.
- Have done ground-breaking work with antibiotics to help with diabetic wound infections.
- Have 3 patents and inventions to assist in minimally invasive surgical techniques for faster healing and less pain.
- Are investigating the use of new artificial materials for bone healing and joint replacement.
OUR PHYSICIANS

THOMAS H. LEE, MD
FELLOWSHIP TRAINED FOOT AND ANKLE SURGEON
BOARD CERTIFIED SPECIALTY - ORTHOPEDIC SURGERY

A native of Worthington, Dr. Lee went to a small liberal arts school in Massachusetts. He obtained his medical degree at Columbia University in New York City and remained there for his general surgery and orthopaedic surgery training. While in New York, he worked at Madison Square Garden and Yankee Stadium providing orthopedic care to the athletes. He continued his specialized training in Foot and Ankle Surgery at Thomas Jefferson University Hospital in Philadelphia, PA. Dr. Lee is active with research and education, serving on the editorial board of the American Journal of Sports Medicine, the Journal of Bone and Joint Surgery, Foot and Ankle, and several other peer reviewed journals. Dr. Lee is also active in humanitarian outreach programs having served as an orthopaedic surgeon in Afghanistan, Pakistan, and Vietnam.

TERRY M. PHILBIN, DO
FELLOWSHIP TRAINED FOOT AND ANKLE SURGEON
BOARD CERTIFIED SPECIALTY - ORTHOPEDIC SURGERY

Dr. Philbin completed his Orthopedic residency at the Ohio University-Doctor's Hospital and a foot and ankle fellowship at the Cleveland Clinic. He has served as the medical director of the Foot and Ankle Division at Grant Medical center and as a Board Member for The American Orthopedic Foot and Ankle Society. Dr. Philbin is the director of the OFAC fellowship. He consults with the Columbus Blue Jackets, Columbus Destroyers, the Ohio State University and Ohio University Athletics, and is the team physician for Olentangy Liberty High School Football.

WILLIAM T. DECARBO, DPM
FELLOWSHIP TRAINED FOOT AND ANKLE SURGEON
BOARD CERTIFIED SPECIALTY - PODIATRIC SURGERY

The newest member of the team, Dr. DeCarbo graduated with honors from the Ohio College of Podiatric Medicine in Cleveland. Prior to completing his fellowship training with OFAC, he completed a three-year podiatric surgical residency at Grant Medical Center in Columbus where he served as chief resident. He has published research articles in nationally recognized foot and ankle journals and lectured nationally and internationally.
Dr. Berlet has completed postgraduate Fellowship training in foot and ankle surgery and sports medicine. He consults with the NHL Columbus Blue Jackets and The Ohio State University Department of Athletics. He is a devoted patient advocate who strongly believes that quality of education and training make a difference in the outcomes of treatment. Beyond his patient care responsibilities, he is also heavily involved in education and research. He is Chief of the Division of Foot and Ankle Surgery at The Ohio State University College of Medicine and Public Health and is the author of more than 100 scientific publications. Dr. Berlet and his wife Diane relocated from his native Canada to Westerville, Ohio, where they are raising their two daughters, Logan and Jenna.

A native of Orlando, Dr. Hyer completed his medical training at the Ohio College of Podiatric Medicine and surgical internship and residency at The Ohio State University Medical Center. He received additional advanced fellowship training here at OFAC. Dr Hyer is a fellow of the American College of Foot and Ankle Surgeons and member of the American Podiatric Medical Association. He is board certified in reconstructive rearfoot/ankle surgery and foot surgery with the American Board of Podiatric Surgery. Dr Hyer is active in education and research and frequently presents at state, national and international meetings. He also serves on the editorial boards of The Journal of Foot and Ankle Surgery and Foot and Ankle Specialist as well as several committee appointments for The American College of Foot & Ankle Surgeons.

A native of northeast Ohio, Dr. Yun graduated from Ohio Podiatric Medical School in Cleveland. She came to Columbus for her surgical residency program and donated her time to Franklinton Health Services serving the homeless and low income families. In 2001 she joined Orthopedic Foot and Ankle Center, bringing her skills in foot and ankle care. Dr. Yun’s interests include diabetic foot care, sports medicine and wound care.
